

Application

<p>How do I apply for an <i>allgemeine bauaufsichtliche Zulassung</i> ('national technical approval')?</p>	<p>Please send your application formless or by using a form to:</p> <p>Deutsches Institut für Bautechnik Kolonnenstraße 30 B 10829 Berlin GERMANY</p> <p>The application has to be submitted to us with your signature. Please make sure that your company's name is given in a complete (including legal form) and legible form.</p> <p>More information as to further application documents is given on DIBt's homepage under FAQ "Documents".</p> <p>After the application has been received you will receive a confirmation of application from DIBt informing you of further requirements concerning still missing documents and tests.</p>
<p>I am not familiar with the approval procedure. Is it possible to fix a personal appointment at DIBt to obtain more information?</p>	<p>If you file an application for approval for the very first time it is advisable to first arrange a meeting with us in our company where your questions regarding the approval procedure will be answered and you have the opportunity to present us your product.</p>
